- **Note: Liphatech does not manufacture the Verminator or Verminator Junior.**

**Rozol Pocket Gopher Bait - Burrow Builder Formula – the # 1 product in sales and performance among professional, irrigated alfalfa growers - brings you this special offer. Rozol PGB delivers:**

- **Outstanding Palatability** for season-long use, even during summer – not just during dormant periods.
- **Moisture-resistance** – can be used after cuttings and irrigation – will not gas off or become “inert”.

**The Verminator is a tough, quality-built burrow builder: made in the USA for farming professionals. It's made to withstand tough soils and heavy-use, while minimizing impacts on alfalfa root systems.
